

Coastal Silviculture Committee Winter Workshop
Species Diversity

“What is it?.....Do we have it?.....How do we manage for it?”

February 22, 2011 – 8:35 am to 4:00 pm

Vancouver Island University – Nanaimo Campus

<u>Registration</u>	7:30 to 8:30
Coffee and Continental Breakfast	7:30
<u>Welcome and Introduction</u> – Dave Weaver – Chair	8:35
• Safety	
• CSC committee thank-you	
• Introduction of workshop theme	
<u>Opening Address</u>	
<u>Species Management Direction from the Chief Forester</u>	8:40
<i>Jim Snetsinger RPF, Chief Forester, MoFML</i>	
<u>Species Monitoring Practices – Crown and Private Land – Morning Moderator – Lauchlan Glen</u>	
<u>Stand Development Monitoring (SDM) – Species trend/shifts & Coastal Plans</u>	9:00
<i>Alex Woods RPF, Regional Pathologist, Smithers, MoNRO</i>	
<u>Private Land Species Management – Establishment, Mid-rotation, & Exotics?</u>	9:50
<i>Brian Saunders RPF, Operational Forester, Island Timberlands</i>	
Coffee / Refreshments / Poster Session Break	10:30
<u>Species Management Case Studies – Washington and BC</u>	
<u>Pilchuck Tree Farm - Species Management Practices south of the 49th</u>	11:00
<i>Alan Staringer, Forester, Washington State</i>	
CSC Annual General Business Meeting Session	11:45
<u>Lunch Break</u> (Hot Lunch Provided & No Host Bar – Building 300 – Cafeteria)	12:00
<i>Afternoon Moderator – TBA</i>	
<u>BC Species Selection Working Group – Landscape Species Case Study findings</u>	1:00
<i>Dave Coates - Researcher Smithers, MoNRO</i>	
<u>Highlighted Species – Red Alder, Red and Yellow Cedar</u>	
<u>Red Alder Adaptive Strategy Project – Expected Outcomes and Findings to Date</u>	1:40
<i>Louis de Montigny, Silviculture Research Leader, MoFML, Victoria.</i>	

Tale of Two Cedars Conference Highlights – The Latest on Red & Yellow Cedar 2:10
John Russell, Genetics Researcher, Mesachie Lake, MoFML

Coffee / Refreshments / Poster Session Break 2:45

Landscape Standard Species Approach – Open Discussion Breakout Groups

Multi-block Landscape Species Strategy –Brainstorm on objectives/approach/design 3:00
Lorne Bedford and Dave Weaver, Forest Practices Branch, Victoria, MoFML

Closing Remarks and Wrap-up 4:00
Dave Weaver - Chair.

Posters

7:30 am to 4:00 pm

- 1) How RESULTS reports can track species deployment - Online computer demonstrations
Mei-Ching Tsoi , Forest Practices Branch, Victoria, MoFML
- 2) Facilitated Migration Process - Larch Example (plus What's in the works for the Coast)
Lee Charleson, Tree Improvement Branch, Victoria, MoFML
- 3) Plantskydd Deer Repellent application in the nursery prior to cold storage
Bill Lasuta, Tree World Inc.
- 4) White Pine & Sitka Spruces Improved Seed Use (plus Extension Note on Improved Seed Terminology)
John King, emeritus Genetics Researcher, MoFML
- 5) Climate effects on growth of red alder and Douglas-fir in the Pacific Northwest
Francesco Cortini, MoFML & Phil Comeau, University of Alberta
