

Coast Silviculture Committee
2012 Summer Workshop Program
Day one

| Thursday June 21 st 2012 | | | |
|--|---|---|---|
| Time | Location | Activity | Presenter |
| 8:30 to 10:15 – Workshop Registration at the Mission Best Western City Lodge | | | |
| 10:15 | Mission | Depart from the Mission Best Western City Lodge for the Mission Municipal Forest. | |
| 10:45- 12:30 | Stop# 1 Mission Municipal Forest Blk DA100 | Western Red cedar plantation - spaced and pruned (2 lifts). Research and direction | Introductions by Kim Allan RPF Director of Forest Management, Mission Municipal Forest Louise de Montigny PhD, RPF Research Scientist, MFLNRO Mel Scott RPF |
| 12:30 - 2:00 | Stop #2 Mission Municipal Forest Blk HL7 | Lunch provided "To space or not space" Is that the question? | Jeff McWilliams RPF B.A. Blackwell and Assoc. Alec Orr-Ewing ATE RFT A. Orr-Ewing and Assoc. |
| 2:15 - 3:15 | Stop #3 Mission Municipal Forest Blk HLT 2 | Planning for Fertilization & Commercial Thinning Problems & issues of getting FERT projects completed | Bob O'Neal RPF, Forestry Manager, Mission Municipal Forest Mike Crane Assistant Engineer, Teal Jones Debra Soutar, RPF, Westpark Industrial Enterprises Ltd. |
| 3:30 - 4:30 | Stop #4 Mission Municipal Forest BLK HL 2A | Introduction of the "Post Incremental Treatment Assessment - PITA" concept, objectives and procedures; As well as Spacing & Pruning (1 lift); a case of lost in the woods. | Dave Weaver RPF, Silviculture Performance Assessment Specialist MFLNRO Ann Peter RPF, Stewardship Forester, MFLNRO - Chilliwack |
| 5:00 | | Return to the Mission Best Western City Lodge | |
| 5:30 | Best Western City Lodge | No-host bar at 5:30 Dinner at 6:30 Presentation at 7:30 Presentation on Central European forestry practices | Michel Vallee RPF, VIU Forestry Department |

Coast Silviculture Committee
2012 Summer Workshop Program
Day Two

| Friday June 22nd 2012 | | | |
|---|---|---|--|
| 8:30 | Depart from the Mission Best Western City Lodge for the Malcolm Knapp Research Forest | | |
| 9:45 - 11:00 | Stop #1 UBC's Malcolm Knapp Forest | <p>Harry Smith's 1957 spacing trials.</p> <p>Does spacing and density really make a difference and...should we care about growing our forests for wood quality?</p> | <p>Cheryl Power RPF, Resident Forester Malcolm Knapp Research Forest</p> <p>Cosmin Filipescu PhD, Research Scientist, CFS Victoria</p> |
| 11:15 - 11:45 | Stop #2 | Commercial Thinning – why when and where? | <p>Cheryl Power RPF</p> <p>Paul Lawson RPF, Director, UBC Research Forests</p> |
| 12:00 - 1:00 | | BBQ Lunch at Loon Lake | |
| 1:15 - 2:45 | Stop #3 | <p>A preliminary evaluation of incremental silvicultural prescriptions – 25 years after treatment.</p> <p>Can we have quality & quantity or must we choose?</p> <p>We will also discuss stand density diagrams, TASS and the value of the Industrial Challenge plots at the Malcolm Knapp Forest.</p> | <p>Cheryl Power RPF</p> <p>Gordon Weetman PhD Professor Emeritus, UBC Faculty of Forestry</p> <p>Jerry Kennah RPF, Manager BCTS (retired)</p> <p>Jim Goudie, Team Lead, Stand Development Modeling, MFLNRO</p> |
| 3:00 | | Closing remarks | |
